TERMS:

Prices are F.O.B. Centerville, Utah. See "Pick Up" Discount below. All prices subject to change without notice.

DISCOUNT FOR CASH:

2% Discount will be allowed for cash *in full* with order. Where credit arrangements have been approved, 2% discount will be allowed for payment before the 10th of the month following date of shipment, past due thereafter. 8% interest will be charged on past due accounts. Make remittance to Porter-Walton Co., P. O. Box 1619, Salt Lake City 10, Utah.

"PICK UP" DISCOUNTS:

Save 5% on pick-up orders. Many nurserymen and landscape contractors prefer to pickup. Handling and exposure are minimized. Distribution at your nursery or landscape job can be accomplished more efficiently.

C.O.D. SHIPMENTS:

Orders for shipment C.O.D. must be accompanied by a remittance of one-fourth of the amount to insure acceptance.

BUNDLES OF TEN:

Bare root shrubs and trees are ten per bundle. Please order in multiples of *ten* of each variety and/or size.

BOXING CHARGE:

Boxing and bundling for shipment will be charged at actual cost of materials used in the operation. No charge will be made for loading bulk truck lots.

WARRANTY:

The Porter-Walton Company warrants to the extent of the purchase price that nursery stock sold is true to name and as described within recognized tolerances. Seller gives no other or further warranty, expressed or implied and will under no circumstances be liable for more than the invoice value at the time of purchase.

CLAIMS:

We will gladly correct any error, but we cannot entertain any claim that is not made within 5 days after receipt of the stock. Claim should be made in writing promptly upon receipt of stock.

In case of loss due to damage or delay in transit, your claim should be made to the transportation company.

SOIL SAVER

Holds slopes intact until grass or ground cover is established.
Prevents Soil Erosion on Lawns — Waterways — Road Sides

Soil Saver, applied to a 3 to 1 slope before planting lawn seed in the Fall.

May 1st. Grass has grown through the Soil Saver and concealed it. Slope has developed without damage from Fall or Spring storms.

SOIL SAVER PREVENTS LOSS

Protect your new lawn plantings from erosion by sudden storms or overwatering. When sprinklers near the bottom of slopes drain out they frequently wash away the soil leaving unsightly holes. Soil Saver Erosion Netting applied in areas of likely damage can protect you from loss and insure customer satisfaction. Soil Saver Erosion Netting is used effectively on steep banks of fills in Highway building projects as well as on industrial and home lawn seeding jobs.
